Upcoming Public Lectures

The Brain and the Law
David Eagleman, PhD
Assistant Professor of Neuroscience
Director, Laboratory for Perception and Action
Director, Initiative on Neuroscience and Law
Baylor College of Medicine
Houston, Texas
November 12, 2012, 5:30 p.m.

Personalized Cancer Medicine: Are We There Yet?
Eileen Dolan, PhD
Professor of Medicine
Section of Hematology/Oncology
University of Chicago
Chicago, Illinois
December 6, 2012, 5:30 p.m.

The Power of Singing: Implications for Brain Plasticity and Recovery of Function
Gottfried Schlaug, MD, PhD
Director, Music and Neuroimaging Laboratory,
Beth Israel Deaconess Medical Center
Associate Professor of Neurology, Harvard Medical School
Boston, Massachusetts
January 10, 2013, 5:30 p.m.

The Systems Biology Challenge:
Mission Impossible?
Peter Kohl, PhD
Professor and Chair of Cardiac Biophysics and Systems Biology, National Heart and Lung Institute, Imperial College London
Oxford, England
March 28, 2013, 5:30 p.m.

Principles of Neural Ensemble Physiology
Miguel Nicolelis, MD, PhD
Professor of Neurobiology, Biomedical Engineering, and Psychological and Brain Sciences
Co-Director, Duke Center for Neuroengineering
Duke University
Durham, North Carolina
April 4, 2013, 5:30 p.m.

Seeing Virus During Assembly and Infection to the Host Cell
Wah Chiu, PhD
Co-Director, W. M. Keck Center for Computational Biology
Baylor College of Medicine
Houston, Texas
April 11, 2013, 5:30 p.m.

Denial of Service Attacks: Network Hyperexcitability in Alzheimer’s Dementia
Jeffrey Noebels, MD, PhD
Professor of Neurology, of Neuroscience, and of Human Genetics
Baylor College of Medicine
Houston, Texas
January 17, 2013, 5:30 p.m.

Changing Fear
Elizabeth Phelps, PhD
Silver Professor of Psychology and Neural Science
Laboratory Director, Department of Psychology
New York University
New York, New York
April 18, 2013, 5:30 p.m.

Transcranial Magnetic Stimulation for Emotional Regulation
Mark George, MD
Distinguished University Professor of Psychiatry
Director, Brain Stimulation Laboratory
Medical University of South Carolina Director,
Brain Imaging Center of Excellence
Charleston, South Carolina
February 14, 2013, 5:30 p.m.
